

The background is a dark purple color, densely decorated with various tropical floral and leaf motifs. There are several large, stylized monstera leaves in shades of yellow, green, and blue. Interspersed among the leaves are various flowers: a purple five-petaled flower at the top left, a large yellow five-petaled flower, a green star-shaped flower at the top right, a white five-petaled flower on the right, a yellow five-petaled flower at the bottom right, and a purple five-petaled flower at the bottom center. The overall aesthetic is vibrant and tropical.

Authentic Ethnic Indulgence

Life comes full circle ...
history always repeats itself!

From farm to table we modernised
to fast food and the clock is
winding back again.

We have realised the true essence
of holistic nourishment from our
ancestral cuisines.

It's 'back to the roots' for keeping
ourselves healthy naturally
through a well-balanced diet.

To overcome the modern-age
'gifts of progress' : lifestyle
diseases!

'Ziya' is an endeavour to revive back ethnic recipes of nutritionally rich holistic foods.

Handpicked ingredients from across Indian heritage
